

# BIRCH

**Cesky Gold™ Golden Treasure**     *Betula x plettkei* 'Golden Treasure' PPAF

2-4' x 2-3'

Sun/part shade

Zone 2

This dwarf birch has spectacular new growth that emerges yellow, red, and orange. Brilliant chartreuse foliage the rest of the season is a bright focal point in the landscape. Responds well to pruning or can be left to grow naturally. Needs little attention once established. Very cold hardy!
