

# MAGNOLIA

## **Ann**

*Magnolia x 'Ann'*

8-10' x 10'

Full Sun

Zone 4

Compact and shrubby with a somewhat open habit. Lightly scented reddish-purple flowers emerge from beautiful, tapered buds later in spring making it less apt to suffer frost damage. Green leaves turn yellow in fall.

## **Centennial Blush™**

*Magnolia stellata 'Centennial Blush' PP 22,248*

12' x 12'

Full sun

Zone 4

Upright form with interesting branch structure. Prolific pink buds open to fragrant, pale pink flowers in spring. Attractive green foliage turns yellow to bronze in fall. Prefers rich, moist, well-drained soil.

## **Merrill**

*Magnolia x loebneri 'Merrill'*

25-35' x 20-30'

Full sun

Zone 4

Upright, oval to round crown and dense branching habit with large, starry white flowers in early spring. Foliage emerges bronzy green maturing to deep green. Best in moist, organically rich, well-drained soil.

## **Royal Star**

*Magnolia stellata 'Royal Star'*

8-10' x 8-10'

Sun/part shade

Zone 4

Densely branched with an upright, rounded form. Pink buds open to double white fragrant flowers in spring. Dark green foliage changes to yellow-bronze in fall. Blooms later making it less susceptible to frost damage.
