

PEROVSKIA (RUSSIAN SAGE)

Location: Zone 4, sun, well-drained soil

Shape: Upright, clumping

Foliage: Gray-green, toothed

Flowers: Late summer to fall

Notes: Perovskia is a woody sub-shrub with long panicles of lavender-blue flowers that become increasingly brilliant as they open. The foliage is finely cut gray-green leaves that are slightly scented.

Denim 'n Lace *Perovskia atriplicifolia* 'Denim 'n Lace' PP 28,445

28-32" x 34-38" Full Sun Zone 4

Lacy, bright sky blue flower spikes bloom from July through September. Stronger stems with gray-green leaves have a more upright growth habit. Heat and drought tolerant.
