

SNOWBERRY

Candy™

Symphoricarpos x doorenbosii 'Kolman' PP 20,931

3' x 3'

Sun/part shade Zone 4

Dwarf variety with small pink flowers in summer. Larger candy-pink berries come later and persist into winter and are often used in floral arrangements. It has a compact, arching growth habit with green foliage.

Symphoricarpos albus

4-6' x 4-6'

Sun/part shade Zone 3

Bushy, rounded growth habit with small, bell-shaped pink flowers in the summer, followed by attractive white berries in autumn. Foliage is blue-green and has good deer resistance. Adaptable to many site conditions. Drought tolerant.
