

COFFEETREE

Espresso™ Kentucky

Gymnocladus dioica 'Espresso-JFS'

50' x 30-40'

Full sun

Zone 4

Open, arching branches with large, doubly compound bluish-green leaves. This seedless variety displays a beautiful golden-yellow fall color. Heat and drought tolerant.

True North™ Kentucky

Gymnocladus dioica 'UMNSynergy'

50-60' x 25-30'

Full sun

Zone 4

Notable for its narrow, upright, oval form with strong branch structure and lack of fruit and seeds. Blue-green leaves turn a soft yellow in fall. Tolerant of cold, heat, and drought. Adaptable to many soil types.
