

Aegopodium (Snow on the Mountain)

Snow on the Mountain • *Aegopodium podagraria 'Variegatum'*

8" x 18" Part sun/shade Zone 4

Upright, aggressively spreading foliage is variegated green and white. Large, white umbels bloom in June. Prefers moist, well-drained soil.

Ajuga (Bugleweed)

Bronze Beauty • *Ajuga reptans 'Bronze Beauty'*

3-4" x 18" Shade Zone 3

Mat-like spreader with deep bronze, semi-evergreen foliage. In spring, blue-violet flowers are sprinkled throughout.

Burgundy Glow • *Ajuga reptans 'Burgundy Glow'*

4-6" x 18" Shade Zone 3

Foliage is multicolored with white, pink, and green and forms a spreading mat. Purple to blue flowers bloom from April to June.

Asarum (Ginger)

Wild Ginger • *Asarum Canadense*

6-8" x 12-18" Part sun/Shade Zone 3

Large, velvety, heart-shaped leaves grow in colonies, spreading vegetatively through spreading rhizomes. Small bronze flowers are concealed by the foliage.

Lamium (Deadnettle)

Pink Pewter • *Lamium maculatum 'Pink Pewter'*

6" x 18-24" Shade Zone 3

Silvery white and green variegated foliage is upright and spreading. Pink flowers bloom from April to June. Prefers moist, well-drained soil.

White Nancy • *Lamium maculatum 'White Nancy'*

6-8" x 12-15" Part sun/shade Zone 3

Clusters of white flowers are displayed from April to June. Silver and green variegated foliage is upright and spreading. Prefers moist, well-drained soil.

Lysimachia (Moneywort)

Gold Moneywort • *Lysimachia nummularia* 'Aurea'

4" x 18-24" Sun/shade Zone 3

Round, bright yellow leaves on trailing, vine-like stems. Yellow flowers bloom in June and July. This versatile creeper grows in sun or shade and a variety of soils.

Green Moneywort • *Lysimachia nummularia*

4" x 18-24" Sun/shade Zone 3

Round, bright green leaves on trailing, vine-like stems. Golden-yellow flowers bloom in June and July. This versatile creeper grows in sun or shade and a variety of soils.

Pachysandra (Japanese Spurge)

Green Carpet • *Pachysandra terminalis* 'Green Carpet'

8-10" x 24-36" Shade Zone 4

Upright, spreading foliage forms a thick, shiny green carpet. White flowers appear in May. Prefers moist, well-drained soil and will grow in deep shade.

Sedum (Stonecrop)

Dragon's Blood • *Sedum spurium* 'Dragon's Blood'

3-5" x 12-24" Full Sun Zone 3

Spreading, bronze-green, succulent foliage is topped with blood red blooms from June to August. This creeper needs well-drained soil and is quite drought tolerant.

Fuldaglut • *Sedum spurium* 'Fuldaglut'

6" x 8-12" Full Sun Zone 3

Creeping succulent with bronze-green foliage and bright pink flowers that bloom from June through August. Does best in well-drained soil and is drought tolerant.

Kamschaticum • *Sedum kamschaticum*

4-5" x 12-18" Full Sun Zone 3

Open, spreading stonecrop with green, succulent foliage and orange-yellow flowers in August and September. Grows well on steep banks and is drought tolerant.

Sedum (Stonecrop)

Kamschaticum Variegated • *Sedum kamschaticum 'Variegatum'*

4-5" x 12-18"

Full Sun

Zone 3

Open, spreading stonecrop with green and white, variegated, succulent foliage and orange-yellow flowers in August and September. Drought tolerant.

Thymus (Thyme)

Red Creeping • *Thymus praecox 'Coccineus'*

24" x 15"+

Full Sun

Zone 3

Low growing and mat-like green foliage will tolerate light foot traffic and emits a wonderful fragrance when crushed. Scarlet blooms cover the ground from June through Sept.

Vinca (Periwinkle)

Periwinkle • *Vinca minor*

6-8" x 15"+

Shade

Zone 4

A broadleaf evergreen with trailing stems of dark green leaves. Purple to blue flowers appear in May and will rebloom intermittently throughout the summer.
