

# Helenium (Sneezeweed)

**Location:** Zone 4, sun, tolerates wet soil

**Shape:** Upright

**Foliage:** Green

**Flowers:** Summer to fall

**Notes:** Heleniums are a much under-rated hardy, mainstay of the summer and autumn border. They are hardy, colorful, easy to grow, tolerate difficult growing conditions, provide months of color, are attractive to pollinating insects and unaffected by most pests and diseases.

**Fuego • *Helenium autumnale* 'Fuego' PP 25,977**

18-20" x 20-24"      Full Sun      Zone 3

Flowers display gold to red rays with a brown center cone from July to September.

Upright habit of green foliage. Easy to grow in moist, well-drained soil. Pest & disease resistant.
