

Magnolia

Ann • *Magnolia* × *'Ann'*

8-10' x 10' Full Sun Zone 4

Compact and shrubby with a somewhat open habit. Lightly scented reddish-purple flowers emerge from beautiful, tapered buds later in spring making it less apt to suffer frost damage. Green leaves turn yellow in fall.

Centennial Blush™ • *Magnolia stellata* *'Centennial Blush'* PP 22,248

12' x 12' Full sun Zone 4

Upright form with interesting branch structure. Prolific pink buds open to fragrant, pale pink flowers in spring. Attractive green foliage turns yellow to bronze in fall. Prefers rich, moist, well-drained soil.

EDITIONS
SHRUBS & TREES

Elizabeth • *Magnolia* × *'Elizabeth'*

25-35' x 12-20' Full Sun Zone 4/5

Tapered, tulip-shaped buds open to large, fragrant, primrose-yellow blooms in spring. It has a neat, upright, pyramidal form with large, dark green leaves. May require protection from late frost, as it could damage the flowers.

Merrill • *Magnolia* × *lobneri* *'Merrill'*

25-35' x 20-30' Full sun Zone 4

Upright, oval to round crown and dense branching habit with large, starry white flowers in early spring. Foliage emerges bronzy green maturing to deep green. Best in moist, organically rich, well-drained soil.

Royal Star • *Magnolia stellata* *'Royal Star'*

8-10' x 8-10' Sun/part shade Zone 4

Densely branched with an upright, rounded form. Pink buds open to double white fragrant flowers in spring. Dark green foliage changes to yellow-bronze in fall. Blooms later making it less susceptible to frost damage.
