

Maple

Amur Flame • *Acer ginnala* 'Flame'

15-20' x 15-20' Sun/part shade Zone 3

Graceful, irregular shape formed by slender spreading branches. Fragrant, creamy white flowers in May are followed by winged samaras that turn a showy red as they mature. Green leaves turn fiery red in autumn.

Apollo® Sugar • *Acer saccharum* 'Barrett Cole' PP 10,590

25-30' x 10' Full Sun Zone 4

Narrow, compact form with dense branching and a low canopy. Green foliage turns golden-orange to red in the fall. Adaptable to many soil types but dislikes compaction.

Armstrong • *Acer rubrum* 'Armstrong'

40-50' x 15' Full Sun Zone 4

Narrow, columnar growth habit; fast growing and may broaden with age. Showy red flowers emerge in early spring before the green foliage. Fall color is inconsistent and can range from yellow to red. Furrowed gray bark.

Armstrong Gold® • *Acer rubrum* 'JFS-KW78' PP 25,301

40' x 12' Full Sun Zone 3

Improved columnar form and brighter, more consistent golden orange fall color. It has greater foliage density and a more compact, less leggy growth habit. Fast growing. Available in low or high branching.

Autumn Blaze® • *Acer x freemanii* 'Jeffersred'

50-60' x 40' Full Sun Zone 4

Upright, oval crown. Dense, rich green foliage turns orange to red in fall. Very popular due to its ascending branch habit, rapid growth rate, drought tolerance, ability to grow in most soils, and beautiful fall color.

Autumn Radiance® • *Acer rubrum* 'Autumn Radiance'

50' x 40' Sun/part shade Zone 4

Strong, ascending branches form a dense, rounded crown. Small red flowers appear before the leaves in spring. Green foliage turns a stunning red-orange to red fall color a couple weeks earlier than other maples.

Maple

Crimson Sentry™ Norway • *Acer platanoides* 'Crimson Sentry' PP 3,258

25' x 15' Sun/part shade Zone 4

Upright, columnar form becoming pyramidal to oval as it matures. A dense crown of deep purple foliage turns maroon in the fall. Slower growing; adapts variety of soil types and growing conditions.

Fall Fiesta™ Sugar • *Acer saccharum* 'Bailsta' PP 11,119

50-75' x 50-60' Full Sun Zone 4

Rapid grower with a full and symmetrical branching habit. Leathery, glossy green foliage is resistance to leaf tatter and leafhopper damage. Brilliant orange and red fall color. Best in fertile, slightly acidic, moist soil.

Firefall® • *Acer x freemanii* 'Firefall' PP 15,593

40-60' x 30-40' Full Sun Zone 4

Fast growing with an upright, oval crown and good branching structure. Rich green leaves turn crimson red in early fall. Typically seedless, male selection.

Japanese Velvet Viking™ • *Acer palmatum* var. *dissectum* 'Monfrick' PP 31,864

3-4' x 4-5' Sun/part shade Zone 4

A hardy Japanese maple with a low spreading, mounded form and dwarf weeping habit. Foliage is red and deeply dissected, turning vibrant red in fall.

Korean Arctic Jade® • *Acer x pseudosieboldianum* 'IslAJ'

15-20' x 10-15' Sun/part shade Zone 4

It has large, deeply-cut, green leaves with an excellent branching habit and broad, upright form. Foliage turns orange and red in fall. From the cold hardy Jack Frost® series.

Korean Ice Dragon® • *Acer x pseudosieboldianum* 'IslID'

8' x 10' Sun/part shade Zone 4

Broad, upright form with finely-cut leaves that emerge a bright orange-red, then turn green for the summer and then back to oranges and reds for fall. Hardier than Japanese varieties, from the Jack Frost® series.

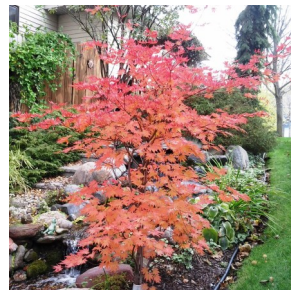

Maple

Korean North Wind® • *Acer x pseudosieboldianum* 'North Wind'

15' x 15' Sun/part shade Zone 4

Broad, upright form with palmate leaves that emerge red in spring changing to green by mid-summer. Fall color is a beautiful orange-scarlet. Showy pink samaras stand out against the green summer foliage. The first from the hardy Jack Frost® maple collection.

Korean Northern Glow® • *Acer pseudosieboldianum* x *palmatum* 'Hasselkus'

20' x 24' Sun/part shade Zone 4

Upright, spreading form with foliage that emerges coppery-bronze in spring. Summer foliage is dark green and finishes in the fall with glowing leaves of bright orange to red. A cold hardy Korean/Japanese hybrid.

Matador™ • *Acer x freemanii* 'Bailston'

40-45' x 20-40' Full Sun Zone 4

Improved growth habit with an upright form and symmetrical branching. Green foliage turns a consistently deep red in fall which develops later than others and holds longer. Tolerates heavy soil.

FIRST
EDITIONS
SHRUBS & TREES

Northwood Red • *Acer rubrum* 'Northwood'

50' x 35' Sun/part shade Zone 3

Oval to rounded crown with showy red flowers in the spring. Leaves are shiny dark green on top and pale green on the underside. Fall color is a blazing orange to red. Relatively low maintenance.

Princeton Gold® Norway • *Acer platanoides* 'Princeton Gold' PP 6,727

35-45' x 30' Sun/part shade Zone 4

Bright yellow-gold leaves emerge in early spring and persist all season, adding a burst of color to the landscape. It grows moderately into a medium sized tree with an oval crown. Protect bark from sunscald when young.

Red Sunset® • *Acer rubrum* 'Franksred'

45' x 35' Full Sun Zone 4

Symmetrical, upright oval form that develops clusters of small flowers in spring. Glossy green leaves turn orange-red to brilliant red in the fall. A moderately fast grower that adapts to a wide range of climates and soils.

Maple

Royal Red Norway • *Acer platanoides* 'Royal Red'

35-40' x 25'

Full Sun

Zone 4

Broadly oval crown with a dense canopy and straight trunk. Best known for its glossy dark maroon to purple year-round foliage. Slow growing which makes it less susceptible to frost crack.

Scarlet Jewell™ Red • *Acer rubrum* 'Bailcraig'

50-60' x 25-30'

Full sun

Zone 3

Bright red flowers cover the symmetrical branches in spring on a full, upright form. Its dark green foliage consistently turns deep crimson each fall, two weeks earlier than other rubrums. Resists frost cracking.

Sienna Glen® • *Acer x freemanii* 'Sienna' PP 11,322

50-60' x 40'

Full Sun

Zone 3

Uniform branching habit and attractive pyramidal-oval shape, it features showy red flowers along the branches in early spring before the leaves. It has green foliage that turns an outstanding red in the fall. Tolerates wet soil.
