Full Sun

ZONE 4

Small, red fruit is sweet, crisp, and juicy. Early season bloomer that ripens in late August. Very disease resistant. Dessert apple developed by David MacGregor of Fairhaven Farms located in South Haven, Minnesota.

McIntosh

Malus 'McIntosh'

H: 12-15' W: 10-12'

Full Sun

ZONE 4

Red and green skin, tart flavor, and tender white flesh. Blooms mid-season and ripens in late September. A heavy and reliable cropper that achieves its best flavor in colder apple-growing regions.

Snow Sweet®

Malus 'Windung'

H: 12-15' W: 14'

Full Sun

ZONE 4

Sweet and tart flavor is outstanding. Really crisp and juicy. Fruits are large and reddish-bronze. Flesh is very white and slow to oxidize when exposed to air. Blooms mid-season and ripens mid to late September.

State Fair

Malus 'State Fair'

H: 12-15' W: 12-15'

Full Sun

ZONE 4

An excellent all purpose, medium-sized apple with red striped skin. Sweet and tart, good for eating and baking. Has a short storage life. An early season bloomer that ripens in mid to late August.

Sweet Sixteen

Malus 'Sweet Sixteen'

H: 10-15' W: 10-12'

Full Sun

ZONE 4

One of the best for fresh-off-the-tree eating, Super sweet with a richly complex flavor—similar to vanilla with just a hint of molasses and fine bourbon. Blooms mid season and ripens mid September.

Zestar!®

Malus 'Zestar!'

H: 10-15' W: 10-12'

Full Sun

ZONE 4

Very crisp and juicy with an above average sweet/tart flavor. Mostly red on a yellow background. It will store well for several weeks after being picked. Early season bloomer that ripens mid to late August.
