

# Spirea

## Anthony Waterer

*Spiraea x bumalda 'Anthony Waterer'*

H: 2-4' W: 3-5'

Sun/part shade

**ZONE 4**

Mounded, upright growth habit with rosy pink flowers from June until September. Attractive new growth is a reddish-purple that turns blue-green in the summer and red to bronze in fall. Deadhead for better reblooms.

## Double Play® Blue Kazoo™

*Spiraea media 'Blue Kazoo' PP 26,665*

H: 2-3' W: 2-3'

Sun/part shade

**ZONE 3**

Low mound w/ burgundy new growth and stunning blue-green spring foliage, which turns vibrant red in fall. White spring flowers rebloom mid-summer.

## Double Play® Candy Corn™

*Spiraea japonica 'NCSX1' PP 28,313*

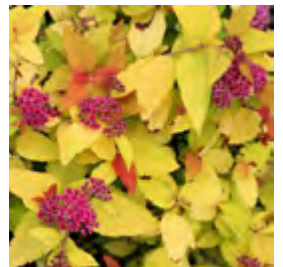

H: 1.5-2' W: 1.5-2'

Sun/part shade

**ZONE 3**

Low mound with bright red new growth that turns gold & yellow w/ orange highlights as it matures. Red-violet flowers in spring and summer. Low maintenance.

## Double Play® Doozie™

*Spiraea japonica 'NCSX2' PP 30,953*

H: 2-3' W: 2-3'

Sun/part shade

**ZONE 3**

Perpetual blooms of red-pink flowers cover the rounded form. Spring foliage emerges brilliant red before changing to green. It produces no seed heads (noninvasive) and requires no pruning or dead-heading.

## Glow Girl™ Tor

*Spiraea betulifolia 'TorGold'*

H: 3-4' W: 3-4'

Sun/part shade

**ZONE 3**

Buds with hints of red in them open to white spring flowers on a compact, rounded form. Lemon-lime to gold spring foliage turns orange in fall and doesn't burn out in the peak of summer.

## Goldflame

*Spiraea x bumalda 'Goldflame'*

H: 2-3' W: 3-4'

Full Sun

**ZONE 4**

Bronzy-orange new growth in the spring matures to soft yellow-green and turns coppery-orange in the fall. Rose-pink flowers top the low mounded shrub from June to September.

# Spirea

## Goldmound

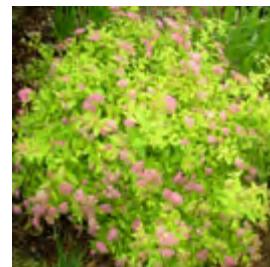

*Spiraea x 'Goldmound'*

H: 1.5-2' W: 2-3'

Full Sun

**ZONE 4**

Low bushy mound of vibrant golden spring foliage cools to a yellowish green in summer then turns a rich, yellowish orange in fall. Pink flowers bloom in spring and will repeat throughout the summer if deadheaded.

## Japanese White

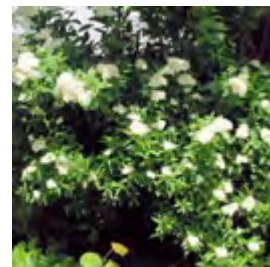

*Spiraea albiflora*

H: 2-3' W: 2-3'

Sun/part shade

**ZONE 3**

Rich green leaves form a neat, rounded shrub and provide an ideal backdrop for the pure white flowers. The flat topped flower clusters will rebloom from June to August. Does best in acidic soil.

## Little Princess

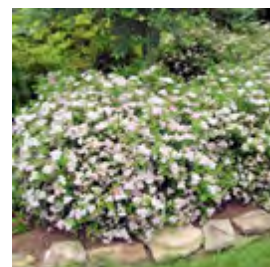

*Spiraea japonica 'Little Princess'*

H: 2-3' W: 3'

Sun/part shade

**ZONE 4**

Dense low mound of fine textured, mint green foliage turns dark red in fall and is covered in dainty clusters of soft pink blooms all summer.

## Magic Carpet

*Spiraea japonica 'Walburna'*

H: 1.5-2' W: 1.5-2'

Full Sun

**ZONE 3**

New growth emerges red in spring and matures into golden, red-tipped foliage on this compact, mounded spirea. Deep pink flowers bloom all summer. Foliage takes on russet tones in the fall.

## Neon Flash

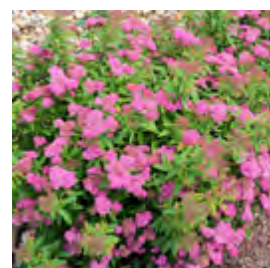

*Spiraea japonica 'Neon Flash'*

H: 3' W: 3-5'

Sun/part shade

**ZONE 4**

Dense, broad rounded form with purple tinged new growth turns green in summer and dark burgundy in autumn. Bright red flower clusters bloom throughout the growing season. Adaptable to many soil types.

## Pink Sparkler™

*Spiraea betulifolia 'COURISPI01'*

PP27,933

H: 3-4' W: 3-4'

Sun/part shade

**ZONE 3**

Large round pink flower-heads at the tips of its stems emerge in early spring. It reblooms in fall with smaller blushing flowers that appear up and down the stems. Fall foliage is a pinkish-burgundy hue.

# Spirea

## Snowmound

*Spiraea nipponica 'Snowmound'*

H: 3-5' W: 3-5'

Full Sun

**ZONE 4**

Upright, rounded form with graceful, spreading arching branches that display a profusion of small clusters of white flowers. The dense foliage is dark green to bluegreen and yellow in the fall.

## Tor (Birchleaf)

*Spiraea betulifolia 'Tor'*

H: 2-3' W: 2-3'

Full Sun

**ZONE 3**

Compact, rounded form is covered with tiny white flower clusters in late spring. Dark gray-green foliage is birch-like in appearance and turns a beautiful purple-red in the fall.

## Vanhoutte Renaissance

*Spiraea x vanhouttei 'Renaissance'*

H: 5-7' W: 6-8'

Sun/part shade

**ZONE 3**

Vase-shaped growth habit with arching boughs of stunning, snow white flowers in mid to late spring. Bluegreen foliage turns orange-red in the fall and is disease resistant.
